

*BABY LEMON, BABY PINK, BABY
BLUE*

These are the colours that remind us of you.

As we take you now to your final resting place

*We'll remember your smile, your humour, your
handsome face,*

So many friends and family came to say goodbye

To Tommy Jones, too Young to die

Harlow's Top Boy you were respected and loved

You will be missed forever our angel above

A special angel was needed in the heavenly sky

*So he took you Tommy and now we have to say
goodbye.*
